Social Studies: Map skills

### **Homework:**

**Monday-** english journal,

**Tuesday-** vocab page, math

**wednesday-** bible (due Fri)

**Thursday-** math

**Friday-** home journal

### **Upcoming tests**

Mod. Jan. 12-Math Ch. 9

Fri. Jan. 16-Reading, Spelling, Memory Verse

Fri. Jan. 23 -Reading, Spelling, Memory Verse

Mon. Jan. 26-Social Studies Map Skills

### **This week:**

\*We have chapel this Wednesday at 8:15, and you are welcome to join us!

\*We are beginning a writing assignment called "A picture is worth 1000 words" at the end of this week.

The students will be writing an essay based off a photo they bring in. It should be something they can glue to their final piece, a photo that they can tell a story about, something candid perhaps, and something that evokes a fun or happy memory. My example essay includes a photo of me and my youngest sister as kids at the state fair with a life sized cow made of butter.

\*The third grade has begun an exciting new study we are calling 'endurance technology.' We have an additional lab time each week where we will focus on technology enhanced projects, writing in response to online articles and using google drive. Our class already has had a taste of this in the classroom and the students are loving it!. They have access to a classroom google account where we can store, share, collaborate and work on projects across devices and locations. It's an amazing time to be in elementary school.

### **Vocabulary Words-**

erupted: burst out

outrun: run faster than someone or something else

tides: rise and fall of the ocean's waters about every twelve hours

average: the quantity found by dividing the sum of all quantities by the number of quantities
